“ Still can't believe it.. I practically lived over there when we were kids. I wanted to share a memory but there's just so many I can't pick just 1. You will be so greatly missed by every life you've touched, and believe me, everyone who knew you, was definitely touched. We are the ones who are honored. My spiritual life is better because of you Ms Frannie. Thank you for always being there for me. I love you.

“ I want to say how terribly sorry I am for the loss of your Mother, and your best buddy. She will always be a part of your lives, as she has always been. You will always have the memories, and love that she has left you with. Know that she is not gone, she is only a prayer away from you. She will be there when all of you are gathered together for family times, and she will be waiting with open arms for each of you when your turn comes to fly away. If there is ever anything that you need, all you have to do is call me, and I will be there for you, just as I promised her I would do. I love all of you, God bless
