“ Shirley Mire

I would like to share a couple of memories. One is that Tuggie for a few years would send me a King Cake from the famous bakery. I would have to promise to share it equally with Cam and Maureen. She trusted me to equally share the King cake because someone had a very sweet tooth.

Tuggie and our family had a love of Coke. She would say it's a Mire thing, people will not understand. One day she told me she ordered 5 hats! I did post a picture of the hat.

We did enjoy our phone calls. One day she told me the story of when she was a young child her family had some dairy cows. Back then times were tough, but her dad would make ice cream and suddenly she had lots of friends. 🍦

I will miss our phone conversations. The fun stories. You will always be Tuggie. You will always be loved.

“ *Remember the best times and the laughter. Your life gave us memories too beautiful to forget. With my Dad, Evarice Camille Mire, Jr, being your first cousin and traveling the country in the US Airforce...I cherished all of your vacations that you shared with us... one in particular in Tampa, FL. I remember it like it was yesterday and you protected me and kept me safe in the middle of a tornado. Very memorable to me at age 7! We've kept in touch all these years from our oil painting to our favorite, CocaCola. That is definitely a Mire trait! Just a few years ago, you insisted on driving us to your favorite seafood restaurant to enjoy an authentic Cajun meal...great & scrumptious!*

Our mind holds the memories. Our heart keeps the love. Our faith lets us know we will meet again. Thank you Tuggie (our name for you that we shared with your Dad).

Shirley Mire

A couple of memories I would like to share. One being Tuggie would send me a King Cake from the famous bakery. I had to promise to divide it up with Maureen and Cam equally. She in trusted this with me because some one had a very sweet tooth and she wanted it shared equally.

Another memory is her love of Coke. My husband Evarice Mire loved coke.. all the Mire's loved coke. She would say, it's a Mire thing. Then one day she called me and said I had hats made that say "It's a Mire Thing. She had 5 hats made. We loved them and wore them proudly. Another conversation we had was, when she was a little girl , her family had some milking cows. She ended up having many friends because they were able to have ice cream. Her dad would make it for the family. That was a very special treat because things were very tough at that time.

I loved talking to her on the phone. She was not a fan of cell phones and computers. So at times I would send her pictures. She enjoyed them!

I will miss our phone calls. You will always be known as Tuggie. You are loved in our hearts forever.

Shirley Mire, my late husband Evarice C Mire III.
