“ *Allen was my husband, my true love, my soulmate, my everything. I loved him unconditionally and I am lost without him. I miss him more and more with each passing moment of each and every day. He was the love of my life. He couldn't beat the cancer that ate at him, that destroyed who he was, that sucked the life out of him. He fought hard and I thought he had a real chance but cancer decided differently. It took him away from me ...and from our beautiful family ..He suffered so much that it broke my heart to watch as he worsened and I will miss my sweetheart forever and he will never be forgotten. He is alive in my heart and will remain there until my time is up on this earth. I love you Babe and I miss you so so much that it hurts so terribly. I pray you are at peace and no longer suffering. Until we meet again Love, Gracie*

“ With so many memories to share it's impossible to pin down one specific time. From fishing in grand isle to crawfish boils in the backyard what I will remember most is our talks about the kids and joking about marriage and parenting. Quick with a joke and even tempered with advise Pops was more than a father in law he was a friend and source of wisdom. Stubborn and selfless witty wise devoted and loyal fierce and faithful are words that come to mind when I remember him the 16 years I have know him went way to fast. His gift to me was a family I never had as a child through his daughter Amy. She is a reflection of his intelligence and charming wit my beat friend my breath....so for that I will be eternally grateful. Thank you for the years of memories and the wisdom imparted. May you rest in peace.....Mike
