“ Anthony.... You have been an inspiration to anyone that has fought chronic disease.

You gave it your all until you could'nt do it anymore. And you Passed the finish line a long time ago.

You never would shy away from anything or any one. During one year I lost my Mother and in the next year I lost My Father. For many months only one person called me.....It was you!

God Bless you....Anthony! And may the good things stay with you burried deep inside your heart where they will be remembered FOREVER!
