“ My condolences to Blanche's children who I got to know and admire through the years. Blanche and I met in 1980 at a retreat at The Cenacle. We had a wonderful friendship through all these years, though later it was difficult to get together as we lived in different cities..She was such a loyal, loving, generous friend whose friendship I cherish. “ Blanche and I worked together at VA Medical Center in the late 1970s. She was a great co-worker and a great teacher to the younger me, allowing me the blessing of learning from the best. More importantly, we became lifelong friends. I remember the fun, the lunches, the supportive phone calls and letters, and the great friendship that spanned nearly 50 years. Blanche you will be missed, will always be in my prayers, and memories. I believe Heaven's Angels have welcomed you into your next life. Rest easy my friend. Much love to you and a life well lived. “ Aunt Blanche was such a fun loving and all around wonderful individual. I never had a bad time around her. She could always make you laugh not matter what was going on. She was just one of those people that exuded her passion and love for life in everything. My prayers are with the entire family. She will be greatly missed. I loved her so much.

Aunt Blanche had a strong code of instructions for life. Sometimes hard to live up to but for me a guide post and light in dark times. I reconsidered many choices due to her wisdom and was rescued for negative events. She was fun-loving and wanted all to join in. She prayed faithfully for her family far and near. A precious comfort in this life for me.

Blanche for me was the epitome of an elegant Lady. Every time i saw her when I was young and also as a grown man. No matter the family function she was dressed appropriately. Never de shelved, even as a young mother with children in tow. She held herself to a very high standard and was very graceful and elegant in everything she did. To me, she always had something very interesting to say, and spoke in such a sophisticated manner and always had a compliment for me.
