“ *From Victor Dominguez.*

I was surprised Carlos went so fast. He was too young. I had just spoken to him a day earlier and we were laughing and cutting up. We were making plans to travel. We talked a lot because he was my best friend since the 4th grade and he even knew my mom. We grew up and worked together. I will remember the good old days because we've been through it all. We had our ups and downs in life. As the years passed we lived different lives but we would always find each and get together because we did have so much in common from our childhood. My best friend has left me. It was too soon. I will miss you Carlos. I will see you again one day. May you rest in peace in God's Glory.

“ *From Arturo Dominguez.*

I've known Carlos since he was about 7 years of age and so his passing hit me very hard. I will miss you Carlos. He grew up with my family and he is like a son to me. I will always remember him eating my mom's food as a little boy and making her laugh. I took Carlos under my wing and taught him a trade, he was a very hard worker. I will miss playing cards with him and miss the times he cooked his Cuban dinners for me. We spent a lot of time talking and I gave him fatherly advice when he would ask. Carlos was always very respectful to me. He was loving and always greeted me with a kiss. He would tell me he loves me and that I was like a dad to him. Carlos my son, you have a piece of my heart. May God bless you and may you Rest In Peace in God's Kingdom.

“ *As far back as I can remember, Carlos would hang out with my older brothers. He became a long time family friend. He was very funny, always telling a story and just a good guy. Carlos would call me "his lil sister". Rest in peace my other brother.*

“ My father Carlos Valera was a hard working man. He also took the time out to help others with anything. You need work done to your house or you need help with your car call Carlos!

My dad was a type of person that didn't take no crap from nobody. He always taught me that family was important and never forget were I come from.

My dad always enjoyed listening and playing music from his beautiful country Cuba . As a child, my dad didn't have it easy coming to a new country, but he would always call New Orleans home.
