“ *I remember dad getting on the Gymnastics bar at Royal Palm Elementery School and doing Gymnastics routines. I remember being so surprised at how he could spin around the bar the way he did.*

*He was also a fast runner. On the same occasion we were going to race across the playground. He was wearing penny loffers and of course he was not going to beat us in our Western Flyers. "On your marks, get set, Go!" Wow, he shot off like a bullet. Surely, Daniel would be able to beat him..... we were still all running toward the fence when he was on his way back. I remember stopping in my tracks when I saw him racing toward me and I turned around and raced to the finish line. He was the first one there.*
