“ *Danny and Marilyn have been neighbors of my mother for many years. They've always wonderful friends and neighbors. Danny used to visit with my mother (94 years) when he saw her outside. He was always was solicitous of her health and wellbeing, offering to fetch sweaters or walking canes or whatever she needed. He came daily for years to feed our cat, who just recently passed away. He even helped to bury our cat, Oscar. I know he was always working, either in his yard or at his farm. He's one of the best people we've ever had the pleasure to know. We will think of him warmly and with great affection forever.*
