“ *The very first day, so many years ago, when Dorothy & Regis showed up at the school, after just a few minutes I knew that we would be friends; and the best of friends we became. We agreed on so many things, we had that special all-consuming love for our boys and the desire to learn all that we could so that their lives would be the best we could give them. Together we rebelled & fought against a system determined to stop us. But we prevailed. So many times Dorothy's calm voice of reason caused me to pause before over-reacting and always with better results. Dorothy loved her family, her friends and especially children. Dorothy was simply a kind, caring, loving lady and one of the smartest people I know. It was my privilege to call her friend. Having lost my own mother several years ago I know just how difficult this time is for her family; having to face life without your anchor, your stability is something that can never be recovered. The passing of this wonderful lady has left a hole in so many hearts. Dorothy was much loved; her life was a blessing to so many. We love you Dorothy and we will have our memories forever. I will pray that her family gradually find peace.*

“ To the Phillips family,
I grieve with you at the passing of your sweet Mom. Dorothy was a kind and loving person that filled my youth with many good memories. When I was a kid, Dorothy was always so kind and sweet to me. God's blessings to each of you in your time of sorry.
