“ *Nanan was a core part of our family for all of my life. As my mother's only sister she was there through many of our family's life stages and events. Her keen puzzle skills, facility in Spanish and double jointed dexterity never ceased to amaze. As my Godmother she gave me a home away from home over the many years of family visits to New Orleans and on into my college years there. Above all Nanan was a survivor\_heart disease, early widowhood, Katrina and relocation, cancer surgery and treatment, the list is long. Although I will miss her dearly, her example will live on.*
