“ *Jason had a larger than life personality. He was a leader and knew how to motivate and develop those placed under his influence. I'll always remember the banter and shenanigans as well as the ever present Monster energy can. God Speed Smitty you're never forgotten.*

“ I remember, as kids, Jason's personality stood out. He was shy but really funny. I don't think there was anytime that we all hung out and weren't being entertained by him. To know that he married one of my best friends and made her and their three sons happy for so many years makes my heart smile. Then, for him to sacrifice his time with them to defend our country and the freedom it stands for is a true testament to the type of person he was. Each sacrifice, including his last, will never be forgotten.

*Thank you for your service, Jason. May you rest in peace.*
