“ To a very special guy who was probably late for work more than any other employee we every had. He would come in pick me up turn around and always say, "you folks all know you love me" and I would lay him off for a week or two then he would come back and continue to drive us nuts. His personality and laughter were very contagious and he was certainly an asset to Airline Skate Center. We had many, many good times. Peace to Pat and his loving family.

Pat, you were definitely one of a kind. I still remember the night we were all at Don Carters and Karl said "hey Pissy, just shut up and bowl". From then on the nickname stuck and we all fell out laughing. You were a great friend and i still consider you my brother. You will be greatly missed, but i am glad i got to enjoy that small clip of time with you and the Motley Crew we all came to love.

Pat, u had a heart of gold and a smile that would light up the darkest room. I will always cherish the times we spent together. This hurts to the core. U will forever be in my heart and I know ur at peace now. God rest ur soul babe. U left great memories behind especially at airline skate center. All my love to u and prayers for the family. U were loved more than u would ever have believed. Rest Pat. Peace be with u and all of us as we grieve at this time.

Oh Pat how many times have we laughed? Such a sad loss you are. You could walk in a room and light it up with your smile. You would give the shirt off your back to anyone who needed anything. These things and so much more are only a few we all will remember you by. We might have all lost a great young man, but heaven now has a wonderfully chatty bright light angel. Forevermore in my heart, Bonnie
