My better half, best friend, & only one I ever given my whole heart to... My 1 & only daughter... Your purpose in life was fulfilled! You spread joy to so many but above all you saved me from myself! I could never repay you for that! We had so much fun & the most interesting talks above anyone I've encountered. Now I just count the days til I'm reunited with you! This world is not the same without you. It's so dull and boring. I miss what's its like to feel love.

“ I met this sweet little girl Izabella when she was just 4. I gave her a small gift after meeting Reba and Izzy. She was so happy and a beautiful child. As she would describe me, the man with the brown eyes. I am so saddened to have found this obituary. Having not been in contact with the family and finding an old letter. I viewed the video. What a beautiful tribute to a beautiful girl. Izzy, May You Rest In Peace.

“ When I think of my childhood, I think of you. Always with each other, always on the house phone talking after school, always laughing... I am so thankful that I'm able to say that I had a good friend like you in my life. Even when we grew apart you still checked in on me to make sure I was okay. I will forever miss you ❤️ Love you girl, I hope Heaven is everything you've ever dreamed of.
