“ *Our friendship with Jim started when we met him through his wife Margie. We always enjoyed being with them through the years and loved his sense of humor. When asked how he was doing , he always answered, "bordering on super". We will miss seeing him. Joyce and Jack Harvey.*

“ I knew Jim since about 1975 though our work at Union Carbide Corp. at Ponce, Charleston, and Taft. Millie and I, both thought highly of Jim. He was always a gentleman. Even under stressful circumstances, that frequently arise in the administration and operation of large industrial plants, Jim never changed his demeanor or voice tone. Always willing to help, and offer his point of view in a positive way. As a result he had a following within the plant personnel, everybody liked working with Jim. We will certainly miss him. Our heartfelt condolences to his family,
