“ *There were so many last moments with you that I didn't recognize as endings. The last drive, the last time I heard your voice. The last ordinary day that was our normal. The last version of me that didn't know what was coming. Grief doesn't announce itself. It doesn't warn you. It just waits in a regular day and quietly turns it into a before and after. Now I carry memories that didn't know they were becoming memories. Conversations that didn't know they were saying goodbye. And I'm left holding a life that changed without asking me first. 😞*

“ Time will not dim the face I love, the voice I heard each day, the many things you did for me, in your own special way. All my life I'll miss you, As the years come and go, But in my heart I'll keep you, Because I love you so! 💜

“ For the happiness you gave us no one will ever know, it broke our hearts to lose you, but you did not go alone, a part of us went with you, the day God called you home. A million times we've cried. If love could have only saved you, you never would have died.”

You left me with so many sacred and cherished memories that will remain in my thoughts and heart forever. Now you can rest in peace in heaven with your daddy, making God laugh.

Not a day will go by that I won't think of you and how much I love you. Until I see you again

Love Always,

Mama
