“ *Miss Kathleen I just recently found out about your passing. It came as a shock to me and I have yet to grasp the fact that you are no longer with us. To much regret I haven't been in contact with you since I moved last year and knowing that you are not around anymore to be there for me when I need your ear to listen when I need someone to talk to the most. When I met you, you had so much going on in your life but you still took time out of your hectic surroundings to listen and the advice you would give meant so much to me. There will always be a special place in my heart for you. I will always remember that night I read some of my writings to you. To this day you are still the only person to have ever step into that part of my world. No matter what we both had going on in our life at that time we still treated each other with fairness and respect. I remember the last time I had gotten to see you. You had just became a Grandmother....your Grandson had just been born and you were the most excited lady that day. You laughed and cried and was just so happy he was born. Thats the last vision of Miss Kathleen Roth I have the chance to always remember....
God Bless you and until we meet again.....*
