“ *Thank you Dona Nena for accepting me into your family. We have shared many life changing events together - helping you decorate for Vida's wedding with yellow balloons, birthdays, holidays, vacations, charades (Spiderman), surgeries, skits with your mother, your sister, Frances, and the rest of the family – there are too many things to name. Thank you for trusting me enough to allow me to share in all of these memories – the good and the bad, the joy and the sorrow. Thank you for raising four, very different, wonderful children with the same basic qualities – Compassion, Empathy, Integrity and Love of Family. It was these qualities that you instilled in each one of them, which gave them the strength and courage to see you through.*

Thank you most of all for your fortitude, heroism and perseverance through the trials and tribulations to bring them to America because, without that, I never would have met you and them. I am forever grateful.
