“ *As a friend of more than 45 years, Marsha and I have shared a lot of things in our daily lives. Words cannot express how much I miss her already. She will always be remembered as a loving, generous person who didn't meet a stranger. She was a good and special friend; someone who was always there to listen, share happy times or sad times. My sincerest condolences to her family who she loved with all of her heart. Missing you, my sweet forever friend.*

“ *I have been going to Mrs. Marsha's house to do her hair for a few years now and she was something special. She shared her love of cows with my son and would treat my kids like family. She talked very highly of her children and was always pulling her phone out to show me the latest pictures of her grandchildren. I will miss her and her spunky attitude. I'm so glad I was able to be a part of her life. She was special to me and my children. ❤️*
