“ *Today a new guy picked up our biohazard and I had to ask "where's Mike?". I was in total shock to hear that he had passed away. He has been coming to our lab for many many years. We have gotten to know him and his love for football, his kids and New Orleans. We will miss seeing him every other week. He was the reason we stayed with Stericycle all these years. Our hearts go out to his friends and family.*

*From all of us at Louisiana Coagulation Laboratory, Covington, LA.*

“ Our family's going to miss you so much Mike, we have so many memories that will never be forgotten. Corey was just talking about how much you used to help him in football, he'll never forget the time you took to help him, it meant so much. One thing I'll always remember about you is how devoted you were to your children and what a great friend you were. Until we meet again my friend.....
