“ *To Michael, a kind gentle soul. Tom has expressed many of my thoughts and memories, but I will add that I will truly miss Michael's half smile and conversations with him. He had such a pleasant nature about him and such a comfortable manner. You Michael, along with Cynthia, Kenny, Ilona, and Paul will remain in my prayers and thoughts always....*

“ *To Sinthia, Alona, Paul and Kenny,*

*There are so many wonderful thoughts that both Bea and I have about Michael . We loved nothing more than seeing Michaels truck parked next door on any given day because we knew we would be having some meaningful conversation on just about anything and everything. Weather it was politics, religion , the worlds unrest or Bea's favorite , Nights Templar. I was always amazed at the knowledge Michael had on so may subjects and Michaels humor was definitely his own. He was the only one I knew that could have you in stitches while he would barley crack a smirk which made me laugh even harder. I don't know, but you just always felt comfortable and relaxed around Mike that's how he always made me feel.*

*Another outstanding quality Mike shared with us and I'm sure with a lot of others was his unselfish way he would always find time to help you . Mike worked more than anyone I know except maybe his dad, no including his dad but if you needed anything done big or small Mike would do what ever it took to help you . That part he got from his Dad. Right after Katrina Mike spent a whole day with Bea and I tearing down and removing the twisted metal from our screen patio that had collapsed . From morning till night Mike stayed, he could have been off doing 100 other things but he stayed the whole day to help us. I'll never forget that. It was the middle of August hotter than hell and Mike keep on telling me the funniest stories never once complaining about the heat. That's how We'll remeber Mike, always there for you.*

*Michael will always be in our hearts and thoughts . To his family, We love all of you and we loved Michael.*

*Love Tom and Bea*
