“ I met Mike at an airshow in Pensacola in 2007. Actually, I saw a bike like mine (Yamaha FJR) in the motorcycle parking area, left a note on it asking if he was on a forum I use, and gave my username on that forum. He was, and messaged me through the forum. We arranged to actually meet in Pensacola, visit the Naval Aviation Museum there, and wolf down some food (something we were both quite good at.) I learned about his own Naval history and his flying anti-submarine aircraft.

Over the years we met several times, at the airshow at Pensacola, trips to the museum, and we rode together all over the Florida panhandle and over to Mobile. He was a guest at my house atll least twice.

His FJR had a quite-rare engine failure, and mine had an unheard-of transmission failure. His transmission site in my bike now, keeping it going to this day.

I always treasured his company and his friendship, and of course the meals we'd find. We had a scare at one breakfast when the place didn't take cards and we were both down to our last bills and pocket change to get the bill paid! My one regret with Mike is never having been able to meet his AIW and have some of that Italian cooking he always bragged about!

My sincere condolences to Mary Jo and family. I met Mike at NAFO in Knoxville in 2010. Mike's involvement in the PGR inspired me to join in Virginia. It has been one of the most fulfilling things I have done in my life. I am now one of the Assistant State captains. Rest in peace Mike.
