“ *My heart goes out to you and your family, Gidget. I haven't been around Richard's office or seen Patrick in quite some time, but he was always so helpful and friendly. It was a few years before he told me he was married to you and then we had a connection. He was a great guy and I'll keep him in my prayers.*

“ *I worked with Pat for at least 15 years. He always made me laugh, especially when I was feeling down. He always had the funniest stories. He was a very hard worker and loyal until his death, working 6 to 7 days a week. He loved his family and talked about them quite a bit. I will miss Pat very much. My heart goes out to his family and friends. I wish I would have known about his funeral service, as I would have liked to have a chance to formally say goodbye to one of my only friends in New Orleans and also pay my respects to his family.*
