You will always be in my heart you were not just my boss you were a true friend. Your smile and laugh will be missed by all those that you came in contact with. I spent the last 16 years as a honored member for your life. I would not be where I am without the time I spent with you and your advice. Thank you for everything you did for me and my kids but most of all for your faith in me. I can't say goodbye so till I'll see you again, God Bless!

“ I started seeing Dr. Al as a little girl. I remember getting to pick a ring after my check-up. He always had a smile on his face, he was so happy to see us.

More recently, I started to drive into New Orleans from the Gulf Coast with my kids just to see him. They loved going to him too. It got a little crazy sometimes when he was checking my teeth. Both my kids were in for my dental exam asking him questions and trying to touch everything. I was the one worried they were going to break something he just laughed and said they're fine. He was so laid back, he made going to the dentist fun.

My sincerest thoughts and prayers to his family,
