“Peggy Richmond.... That's her name.
But if you knew her up close, she is Peggy the pleasant, ambitious, dedicated and full of life great human being that despite what's going on with this crazy world, she was always full speed ahead.

She was tough but a pleasant soul and person. I am so fortunate to have her as one of my favorite patients who I aspire and look up to despite all what she has been going through.

Never gave up and carried on with her life goals, moving all the way from the great state of Louisiana to sunshine California. Always had a smile on her face which was contagious. Great sense of humor, loved her NOLA talk!!!

She loved her family who are so loving and was an honor to meet her sister Kathy, a great nurse who I can call her my friend and colleague.

May you rest in the Heavens Peggy and blessings to you and your lovely family.
