“ 'JP' as I loved to call him was my right hand man at Waterford III nuclear plant. Since I hired PJ into the Design Engineering - Electrical group, we shared a special bond and worked well together on many plant modifications. You never had to wonder if his measurements, ideas, or recommendations were correct - he was flawless! But it was not just his technical expertise that set him apart. His dedication, team spirit, and sense of humor endeared him to our whole department. Rest in peace my friend - "via con Dios"!

How blessed and fortunate we are to have experienced an extraordinary love like yours that it left such an impact on us. I thank God, that he gave you us, what a gift!!! We hit the lottery with you, truly. You're my hero Bubba. I love you.*
