“ *If you have any information regarding this case we urge you to contact the New Orleans Police department at 1(504) 821-2222*

*The police in N.O. don't care to solve this murder. They're too busy harassing and arresting people for frivolous and fraudulent crimes. The more people they arrest for small petty crimes the more money they make. Investigating a murder takes too much time, even when they have the proof and evidence right in front of them. Besides, I'm sure they have all this information, in fact I know they have this info already.*

“ *Richard Fuller was murdered by Kristy Custodio, which was his ex girlfriend. She confessed the whole thing to her ex husband. She threw the gun that she used over a bridge. Her ex husband has an app on his phone which records all calls. I have heard the recordings and you can tell she feels no remorse for her actions.*

*I heard the recordings, too. It blows my mind that they haven't already arrested that woman. She is clearly disturbed and not bothered at all by the actions she had self admittedly taken in this murder. I wouldn't be surprised if she tried to kill someone else like her ex husband knowing that he had their calls recorded and also knowing she can literally get away with murder in New Orleans. Got to love that place, if you're a criminal or a corrupt member of their legal/judicial system.*

“ *May the road rise up to meet you, may the wind be ever at your back. May the sunshine warm upon your face and the rain fall softly on your fields. And until we meet again, may God hold you in the hollow of his hand. Richard, you will be deeply missed but never forgotten. We love you. Love always, Angie and Jennifer*

“ *I remember Richard when he was a young boy spending time with my nieces. He grew into such a handsome young man (I always knew he would). I know he will be missed by his family and friends, and am saddened by this loss of life. My prayers are with everyone who has had the pleasure of having Richard a part of their life. May he rest in peace and his family find solace in knowing how much he was loved and that he is now in heaven watching over us all.*

“Gone too soon. Taking away from his family, his children and his friends. If I could have just one wish it would be for people to have respect for life. If only people had compassion for others.....these senseless crimes wouldn't be taking place, Richard would still be here, bringing laughter and smiles to all around him. My heart breaks for his children, sisters and parents and for everyone who is hurting over this tragedy. I worked with Richard and I will forever remember his big smile. He was always cracking up behind that line while he cooked.

God bless

“Richard, we love you. The kids and I will never forget all the love, laughter, tears, and smiles we shared. I remember taking your honey bbq wings (which he tells everyone about) to when you nicknamed Alaina, "Alainamingrundy." You are the father of my children and I thank you everyday for giving me them. I will watch over them and protect for the both of us. I know you are now in a better place and now you can be our beautiful babies gaurdian angel. Please watch over us. You will always be loved and never forgotten.
