“ *Brother, I am going to miss coming home to little gifts left on the door knob for Leah and I. I am also going to miss seeing your face daily and going for walks with the dogs at the park. Frankie already misses that! I know in my heart that you are at peace and with Dad because of the look of peace and smile that came across your face at the time of your passing. I am sure you and Dad are up there in heaven together already handicapping the horses. The rest of the family and myself take much comfort in knowing that. I will do my best to take care of Mama and help her cope. The LSU and Saints games will not be the same without you. I like to believe we now have an extra angel up there on our side. Sorry some of us that would have loved to be able to express our feelings at your services were not allowed to. I already miss you so very much. I love you and always will, your baby sister*
