“ *I met Shirley at a bridge table a few years ago. She was warm, funny and a joy to be around. I told her that I had many Broussards in my family tree and that we were probably related in one way or another. We discovered that we had a mutual acquaintance from Echo. She'd get tickled when I called her 'couzan'. My deepest condolences to all for your great loss. I know she will be immensely missed and am sure she's watching over you all.*

“ Aunt Shirley was a special gift to our family. Her true love and warmth was always felt when she was in the room. When she hugged you, you could feel her love rubbing off on you. Her laugh was contagious and her calm strength was amazing. She especially loved babies and would hold them in her arms that made them feel safe and loved. She held me as a baby so I know.

*A unique shining star that made everything alright. She will be missed by so many but I know she will always be with those that knew and was loved by her. A shining star shining over us.*

*Our hearts are broken, we wanted her here forever but her journey continues.*

*Sending our deepest sympathies and thoughts of strength to Uncle Sonny, Ida and Brad... her "Grand babies" during this terrible loss.*
