“ Steve and I's favorite story growing up on Martha lane in River ridge was the time Steven took a dare to run across abbot's field from our back yard to the other side and back without getting caught by Mr. Abbot. In trying to scare Steven I yelled as Steven was have way back from crossing the field "Steven quick there's Mr. Abbot" I think I woke up Mr. Abbot and he did come out and yell at us. I swear Steven was running a 4.5 40 at that point. He hopped my fence, caught his jeans on the top of the fence fell face first and broke his arm. Well we then had to explain to his mom and pop what happened and off to the hospital he went. Of course we all had fun signing Steven's cast over the next few weeks. there are hundreds of stories like this and what a fun childhood it was. Steven and his family were a very part of it. Memories that will live on forever!!!!

“ Steve was a great friend to my family, especially my mom and dad who lived across the street. Besides being a great neighbor, he was a good friend, often sharing Saints stories with my dad, my brother, my boys, and me. I watched the Katies grow up and I know he was extremely proud of both of you. Rita, my thoughts are with you and your family. You are such a strong person and I hope you find peace with the end of Steve's suffering. Much love to you and your family.

“ Steve it's been hard to watch you start with this devastating disease to where your journey ended. Knowing you as a strong man I know you fought the hard fight. ALS truly SUCKS!!! I love you very much Brother-In-Law!!! You were the best son, father, brother, husband and friend that anyone could have had. You are and will be missed by everyone that you came in contact with, just because of the type of person you were. You are finally without pain and resting peacefully. Until I see you on the other side, tell all of my family and friends that have gone before you hello for me and I will rest easy knowing that GOD has another Special Angel to look over us.

“ You have been the best dad and grandfather a girl could ever ask for!! I know I told you this over and over these last few days, but you were only 20 when YOU made the choice to become my dad, still a kid yourself. I will forever be grateful to you for ALWAYS treating me and your Skylar as your own. Your blood may as well be in my veins. I am so thankful to have had the chance to spend so much time with you, Mrs. Rita, and my sister in this last year, though I know it was a time filled with much suffering you were always a fighter, NEVER giving up hope. I love you and I know you loved me and because of this I have found peace in this heart wrenching tragedy. But I am so proud of you and your courage and bravery will forever stick with me and inspire me on a daily basis. You are free now and I know you will forever be at my side loving and guiding me along the way. Thank you for choosing to be my dad. I love you more than words could ever say.
