“ *Roy, Sue was a carefree spirit who loved the sun and loved to dance. May God's Grace be sufficient to get you through this time of grief. I hope you know that she is dancing in the sun behind Heaven's Gate. She is free from the burden of a body that betrayed her at a very young age.*

“ *Sue, I know in my heart, you are walking in heaven with Jesus. I have thought about and missed you often the past week. I do not know why this disease took over your body so young. I know in your heart and mind, even the last night when you looked at me with your beautiful brown eyes as we prayed, you knew what I was saying and that I was with you. I know you are at peace now and you left your pain ridden body behind. Our time together was over 20 years. Now it seems like one. I will miss you.*

*Love,*

“ Sue's courage and strength will be a memory that I will carry with me always as well as: Her laughter as she and Tyler(9) played Go Fish cards at Thanksgiving, her twinkling eyes when Lindsey (10) and Bailey (5) would sing and dance for her during their visits, the phone call after Katrina from that Nashville hospital and the nurse saying she recognizes your voice and is crying tears of joy, and when asked over the years, "Who loves you?", her reply was always "Roy"!! May you be at peace with our Lord!

Thank you Gin. I was ready to walk away from 25 years of work until you found her at Baptist.
