*Daddy, I really don't know where to start with this, but to say that I am going to miss you dearly. You always told me that you were not always going to be around and I always told you that you were, that you were never going to leave me because I was your baby and I always needed someone to take care of me. I didn't want to believe this day would ever come and it did, I will forever be thankful to you for never turning your back on me when I did the stupid things that I have done over the past several years. You were my rock and my back bone and now you are gone. I will always cherrish the memories and the love we shared for each other. You loved all four of your daughters and all of us loved you more than you will ever know. You always had special names for each one of us, but you always made it known that I was your baby. Well daddy, I can honestly say that your baby is going to miss you more than you know. May you rest in peace and please you and Mama have a wonderful after life together. Love you always and forever, Your Baby Charleen*

“ Dear Dad, You will be sadly missed by your 4 daughters, and of course Marty, the only man that you always said was your boy. You have 8 grandchildren to be proud of and also 7 great grand-children who loved you dearly. You will always be the 2nd part of my life that will keep me going, of course mom is the 1st part (sorry dad) but you have become my HERO! You are gonna be missed by alot of people, but we all knew you were ready to go, one more thing Dad, thank you for your prayers while your oldest grandson Michael was overseas and taking care of our country. You always told me Michael would come back and he did! Love and Miss You, Your 2nd daughter Kathy
