“ I wasn't real close with Tim, but it didn't take long to know how much he was loved and how much of a sweetheart he was. I know he was a wonderful person and didn't have to be his best friend to know that! He is in the most beautiful place now and will be missed by everyone and loved forever! God Bless his family. xoxox

“ I worked with Tim for 10 months and was fortunate to be part of his life. Working with Tim was very entertaining to say the least and I will miss him very much.

*I will miss our laughter. I will miss him swearing that every girl he spoke to on the phone wanted him b/c like he said,... “I am gorilla”. I remember when he got an email from one of our customer named Rashini. He told me you see she wants me too and she sounds hot. He emailed her back and forth for almost a week until he actually got to speak on the phone and realized Rashini was actually a guy. We laughed every day I worked with him.*

*I will miss you and Omar, and being part of you all’s friendship. You guys made an impression on me and made proud to call you all my friends. You changed my life. Because of you I try to eat right and try to live a healthier life.  
You will always be in my thoughts. We love you and will miss you.*

*"Those we love remain with us, For love itself lives on, And cherished memories never fade. Because a loved one's gone. Those we love can never be more than a thought apart. For as long as there is a memory, They'll live on in the heart."*

“ *Tim, every time I'm at your house I just expect you to come out your room in your boxers and broken glasses wondering why everyones there, asking me the same question, if I am a virgin still and me saying yeah Tim and you putting that thumbs up. Everytime I look at pictures I can't help but remember all the fun we had when we were little you tracy steve and me. Cynthia making us do all kinds of stuff. Tim I will miss calling you weird and asking you why you always got to be screaming, and looking at your muscles thinking you hot stuff, and always giving me that thumbs up haha, Tim you will never be forgotten, you will live on our memories even though you may not be with us physically your presence is around. I love you, we all do. Just hearing your friends talk about you just makes me see how much you were loved and how good of a friend you were and that you have. we love you tim, forever.*

“ Wow! I still cant believe this is happening, it just all happen in a blink of an eye. We all were having such a fun night, well except when u got lost on bourbon for that time, u weren't so happy then. I'm sorry for being such a bad partner that night:/ We were singing along to all those girly songs, I found it hilarious that u knew word for word haha..all I can assure everyone that Saturday night u had a fun time bc I even asked u when we were walking to the car, and u said yes I had fun:) n just before that u had saved me from getting hit by a car. I see why everyone had so many reasons of loving u bc u was such a great person, I wish I woulda got to know u more but God didn't give us that opportunity in this life, but maybe when I get up there with u we can share alot more memories. U will be forever loved & missed Tim:)
